

Creative and Innovative thinking
IO2.3 Initiating Innovation

Co-funded by the
Erasmus+ Programme
of the European Union

Project number: 2018-1-ES01-KA202-050289 This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

What expects us in this unit?

- Input
- Videos
- Working on your own innovative project
- Presenting your innovative idea

Please remember what you have heard about innovation and creativity!

Co-funded by the
Erasmus+ Programme
of the European Union

Project number: 2018-1-ES01-KA202-050289

At the beginning of this unit several Youtube videos will be shown. We would like to invite you to watch one after the other, and in between the videos, take your time to reflect on what you can take from the videos.

If the videos are not available, you will find the name and the link of the respective Youtube video in the notes.

How do we become more creative?

A man with a full brown beard and short brown hair is speaking at a TED event. He is wearing a dark grey blazer over a white t-shirt and has a small gold microphone clipped to his beard. He is gesturing with his right hand. The background is dark grey with the word "Copper" in white and "TED" in red on the left.

TED

Copper

Reflect

- What can you take from the video?
- Which of the three tools would be helpful for you?

Reflect

- What are some helpful points from this video?
- Discuss it five minutes with the person next to you.

TEDx Berkeley

Reflect

- What are some helpful points from this video?
- Can you pick up something from this one?

Reflect

- What are some helpful points from this video?
- Can you pick up something from this c

**THE
BIGGEST
SECRET FOR
SUPER IDEAS**

TED

Reflect

- What are some helpful points from this video?
- Can you pick up something from this c

Let's get
creative!

You always wanted to improve something in the vocational training?

- Now is the perfect time for it.
- Alone or in pairs, you can work on your innovation!
- You have 120 minutes to work your innovation.
- Later on, everyone can give a short introduction (5 minutes) of what he/she has been working on.

It is your time to
make the world
more innovative!

It is your time to
make the world
more innovative!

You have 2 hours to
work on it

Now it is your turn to
present your idea!
